SPRING FLOWERING BULBS

Plant Now for Next Spring

Spring Bulbs are an infallible feature for the garden of early spring. Nothing else will produce as early, as colorful and as dependable a display. Nothing will take their place next spring, if they are not planted this fall.

HOW MUCH? Farr prices are, as usual, lower than prevailing average. Check this statement for yourself and note the saving. Prices include parcel post paid by us.

HOW GOOD? Farr bulbs are, as usual and since 1908, top grade; the best available.

WHICH? The Farr List of varieties is the result of 26 years of experience and includes only varieties which are most liked and most ordered by the 10,000 visitors to our Annual Bulb Display Garden. It includes nothing mediocre.

WHEN SHIPPED? Within 48 hours after your order arrives.

WHEN PAID? 30 days net to established credit. 3% discount for remittance with order, 2% for payment within 10 days after invoice. If you wish, use the 4 Payment Plan described on the opposite page.
